Ravi : Could you please tell us the safety measures to practice at home, grandpa?

Grandpa : Sure. We should learn to put things back in their respective places after using them. We should not play with knives, scissors etc.

Ravi : I believe you are getting a call, grandpa. Here is your mobile phone.

Grandpa : Thank you, Ravi. I think it is my old friend, Raghu.

Prasanth : Wow! A nice phone.

Ravi : Yes, it's a latest one too. Grandpa bought it last week in Chennai.

Prasanth : I heard it works like a super computer.

Ravi : Yes, of course. It is very useful for my projects too.

Grandpa : These mobile phones are very useful but we should use it with care. You should use it in the presence of adults.

Prasanth : Tell us about the safety measures while using the internet, grandpa.

Grandpa : Make yourself cyber safe by not posting your personal information, photos, vacation plans in the social media.

Grandpa : From **fertilizers** to **antifreeze**, medicine to makeup sets and poisonous items should be kept away from the children.

Grandpa : Could I have your views on using the medicines effectively?

Ravi : I think we should store all medicines out of sight and out of reach from children.

Grandpa : Good. Medicines should be kept in locked cabinet.

Jaffer : I also think pills and syrups, should be kept in their original containers and the left over pills should always be disposed.

Grandpa : Yep! absolutely right.
