So, the cheetah, the fastest of all will win the race.

We add - **er** with the adjective to make it comparative and - **est** to make it superlative. Let us see some examples:

Positive	Comparative	Superlative
fast	faster	fastest
tall	taller	tallest
small	smaller	smallest
strong	stronger	strongest
rich	richer	richest
poor	poorer	poorest
weak	weaker	weakest

For most one syllable adjectives you make the comparative form by adding -er and - est for superlative form.

Monosyllabic adjectives

Adjective	Comparative	Superlative
tall	tall**er**	tall**est**
long	long**er**	long**est**
fast	fast**er**	fast**est**

If the adjective already ends in e, you just add -r.

One syllable adjectives ending in e

Adjective	Comparative	Superlative
large	large**r**	large**st**
wide	wide**r**	wide**st**

For some adjectives you need to double the last letter before you add -er. You do this when the last three letters of the word have the pattern consonant-vowel-consonant.
